Goodwill of the Heartland offers Day Habilitation services to help people with disabilities and other barriers to more fully experience their community and increase their independence.

Our Day Habilitation programming helps participants to:

- Develop & Maintain Social Skills
- Learn Positive Behavioral Management Strategies
- Engage in Activities that Promote Positive Physical & Emotional Health
- Build Important Daily Living Skills

We provide opportunities to participate in many different kinds of meaningful activities including gardening, art, music, volunteering and recreational and cultural experiences. Programming is tailored to each person’s expressed preferences and interests.

Participants attend on a full or part time basis Monday – Friday depending on their needs. Participant choice is an important part of planning program schedules. They can choose a schedule where all activities are community-based, or one with a combination of activities in both the community and at one of our centers.

We offer Day Habilitation services in Burlington, Cedar Rapids, Clinton, Iowa City and the Quad Cities.
